

Dear Guests

We would like to bring to your attention regarding the current CORONAVIRUS situation that we are taking all necessary precautions in our restaurant and in the kitchen as advised by the Public Health England and the Government of UK.

The safety of our Guests and team members is our No. 1 priority and we are taking all necessary precautions to stop the spread of the Coronavirus in our establishment:

1. We are making sure that all the places are kept clean, disinfected and sanitised at all times especially door handles & card readers.
2. Reminding our team members, the importance of washing their hands more frequently so that we can stop the spread of the virus.
3. Following the advice and the guidelines of the Public Health England and the HSE.

We would also like to highlight that how you can also help in this situation, please wash your hands more frequently especially before eating food and following the correct procedure for coughing and sneezing as advised by the Public Health England.

We are continually monitoring the current situation and are following the advice of the UK government.

We would just like to remind our guests that we also do a delivery service if they cannot come to our establishment to enjoy our delicious pastas and pizzas.

Be safe and stay safe

La Cucina
